## First AFS Student is from Germany

Graduation day at last for Karla Schubert. The only sad part is that leaving for Germany is coming soon.

With speeches before clubs and school life to occupy her time, Karla was really on the go.

Ina Burgeson and Mr. Smith enjoy looking at the scrapbook which Karla has put together with mementos of her stay in America.

Diplomas at last !

Measuring lenses' focal lengths in physics

Practice

Typing study hall

Bowling after prom

## Track, Study Hall, and Report Cards

## Cambridge's School Administrators

ADMINISTRATION
One of the most important members of the school administration is Mr . Smith, the superintendent of schools. Part of his job is to supply discipline and help the students in any way he can. Mr . Smith has a Bachelor of Science degree from Northern Illinois University and has his Master's degree from Colorado State College of Education.

The Board of Education holds another very important position in the Cambridge Schools. The School Board can determine teacher's salaries, hire new teachers, budget food, equipment, and repairs.

The school secretaries supply humor and help to each student seeking information or aid in the office. Mrs. Burgeson and Mrs. Gillespie are always in the office answering telephones, filing papers, or doing whatever they can to belp the students.

Mr. Smith completes one of the many reports the state requires.

## Trained to be of Help to Students

One of the newer jobs is that of guidance counselor. Mr. Buhlig, who also teaches the psychology class, serves as the guidance counselor. Besides helping the students with problems, Mr. Buhlig is the person who must administer all tests which are given to college bound students. Some of these tests are the PSAT test, the Statewide Test for Juniors, and the Kudor test for the sophomores. With his ready smile and ability to understand and help students, Mr. Buhlig has become an irreplacable member of the school administration.

Mr. Birkett has served this year as both head teacher and principal. His job starts early in the morning with excuse slip's to fill out and the jobs of principal also demanding his attention.

Mrs. Burgeson and Mrs. Gillespie are always kept busy with typing and dictation.

Mr. Birkett checks a student's excuse and fills out a slip which will admit him to class.

Helping students find information on various colleges and careers is just one of Mr. Buhlig's many jobs.

Mr. Mungerson likes "the facilities available and the co-operation found between the faculty and students at CHS."

Ralph Jenkins explains the telegraph during one session of the freshman general science course.

## Math and Science Teach Pupils the

Mr . Place demonstrates static electricity for his physics class.

## MATH AND SCIENCE

The mathematics program at CHS consists of Algebra I, geometry, Algebra II, and a combined course of solid geometry and trigonometry. Algebra I, taught by Mr. Wigant and Mr. Mungerson, is required of all freshmen. Geometry may be taken by juniors or sophomores. Algebra II is for juniors. Math IV, trig. and solid, is recommended for seniors who plan to enter engineering or math fields.

This year the math department of the school decided to buy a cell from an electronic computer. This was purchased with the idea that the next year's advanced math class might acquaint itself better with functions of a computer, since mathematics today is becoming more and more involved with such devices. The cell arrived near the end of the school year.

Our science department, taught by Mr. Norman Place, includes general science, biology, and chemistry and physics alternately. General science, a basic science course, is required of freshmen at CHS and lays the foundation for more advanced science courses. Biology, a sophomore subject, delves into the living world around us.

Science plays an important part in life today. The purposes are to help students understand themselves as well as the world they live in, to learn more for later education, and to help them understand the sciences.

## Universal Language

MR. WIGANT
Our math department is composed of several teachers, one of whom is Mr. Wigant. He is also the VIKING ANNUAL sponsor. Mr. Wigant graduated from Joy High School and received his B.A. from Monmouth College. In working towards his Master's degree, he has done graduate work at Knox College, Western Illinois University, and the University of Illinois. Mr. Wigant has been teaching for seven years, five of which have been at CHS.

## MR. MUNGERSON

Another teacher of math is Mr. Mungerson. He graduated from Joy High School and received his B.S. from Western Illinois University, where he has also done some graduate work. In his second year of teaching, Mr. Mungerson feels that the cooperation found between the faculty and students makes the teaching profession much easier and more enjoyable.

## MR. PLACE

Mr. Norman Place has taught biology, chemistry, and physics in Cambridge High School for the past six years. He graduated from Western Illinois University, where he received his B.S. degree. Mr. Place has also done graduate work at the State University of Iowa and at Western Illinois University.

Les Matson and Mike Telleen study an experiment on light refraction to see if they have the proper equipment.

Dick Gorden and Bob Hanson dash outside for their behind-the-wheel drivers' training.

Mr. Wigant likes, "the friendliness of this community."

## Spanish and English Expand Horizons

## LANGUAGES

The language department at Cam-

Mrs. Bjorling likes "the people of the community, students and faculty found at Cambridge."

Mr. Almaguer likes "the use of electronic equipment that is available at CHS.

bridge High School consists of English I-IV, Modern English, and Spanish. Mrs. Inez Kenward, Mrs. Tyra Jonson, Mrs. Helen Bjorling, and Mr. Samuel Almaguer head this department. Since students are required to take four years of English, they should have a well developed English background at the end of four years. Seniors may take either Modern English or English IV, depending on whether or not they wish to continue in their education. Literature and grammar are alternated during the year in each English class. During a student's four years at CHS, he studies everything from nouns to gerunds and from Caesar to Hemingway. The aim of the courses is to help the student improve his writing, grammar use, and speaking.

Speech, taught by Mrs. Kenward, is a senior course for those who wish to develop the art of speaking in front of groups. The students participate in many activities, public speaking, debating, interpreting, and dramatizing, while they study the art of telling jokes, reciting, and keeping a job.

Spanish is offered for any freshman or sophomore who wishes to take it. It is a two-year program which supplies a basic background in the language.

Marcia Wiley was caught forgetting the next paragraph while practicing her semester speech.

## and Broaden Scope

MRS. BJORLING
Mrs. Helen Bjorling has been teaching English at Cambridge for two years. She graduated from John Swaney High School, McNabb, Illinois, and attended Blackburn College in Carlinville, where she received an Associate B.S. degree. For two and a half years she attended Washington University School of Nursing in St. Louis, Missouri.

In 1963 she received her B.A. Degree from Monmouth College in Monmouth.

## MR. ALMAGUER

Mr. Samuel Almaguer, our Spanish teacher has been teaching in the U.S. for six years, three of which have been at CHS. He received his B.A. degree from Saltillo Normal School and studied at Saltillo Teachers College and Saltillo City College, all in Mexico. Mr. Almaguer has also done work at the University of New Mexico in Alberquerque, New Mexico.

## MRS. KENWARD

Speech and English are taught by Mrs. Inez Kenward, a graduate of the University of Illinois. In her eighth year of teaching, Mrs. Kenward also has charge of the school library.

## MRS. JONSON

Mrs. Tyra Jonson, another English teacher, graduated from Kana High School in Kana, Pennsylvania, and received her B.A. from Gustavus Adolphus College in St. Peter, Minnesota. Mrs. Jonson has been teaching for eleven years, seven of which have been at CHS.

John Nelson and Bob Hanson puzzle over "cynicism." Does it begin with "s" or "c?"

Mrs. Kenward appreciates "the co-operation and attitude that is shown by the administration and school board."

Mrs. Jonson has found that she enjoys teaching "because there is a chance to stimulate youths to develop their potentials and to watch them grow in knowledge."

Dyann Peterson and Nancy Carlson earned their state FHA degrees after much hard work.

Bob Gardner intently studies the functions of one of the machines he must use in industrial arts.

## Vocational Classes

Miss Schroder has found, "the students very friendly and likes the neat appearance found in the student body."

## VOCATIONAL

Vocational arts includes home economics, agriculture, and industrial arts. Home economics is designed to help students learn how to be successful homemakers. It helps to solve problems arising daily at school and at home. During their years in home-ec. classes a girl learns to cook, sew, bake, and do all the things she will be required to do later in life. Family living for juniors and seniors is a course which deals mainly in keeping a home, marriage, and family. This helps the students get a better picture of every-day life. Agriculture is a course generally for boys who live on farms and want someday to become farmers themselves. If a student has four years of ag., he should be well prepared to start in farming on his own. Ag. courses cover science, accounting, management, farm law, and feeds. Industrial arts is given as a three year course. It includes mechanical drawing, metal work, electricity, and woodworking. It offers students the chance to choose a field in which they would like to build a career. Both classes prepare boys for the future and help them look ahead in order to prepare themselves for it.

## Prepare Students for the Future

Mr. Breece feels that, "Cambridge is a fine agricultural community. The interest and cooporation of the students, parents, teachers and others make living and teaching an enjoyable experience."

## MISS SCHRODER

Miss Sandra Schroder teaches Home Economics I-III and family living at CHS. She graduated from Carthage High School and Western Illinois University. This is her second year of teaching and her second year at Cambridge High School.

## MR. BREECE

Vocational Agriculture has been taught the last three years at CHS by Mr. Edward Breece. He graduated from Knoxville Community High School and attended Western Illinois University. He received his B.S. and M.S. degrees in Agriculture from the University of Illinois. This is his sixth year of teaching.

## MR. LUSTER

Industrial arts is taught at CHS by Mr. Ellis Luster. He received his B.S. in Education and has taught here for the past two years.

Mr. Luster feels, "There has to be good relations between the faculty, students, and people of the community in order to have a smooth-running school system."

Barbara Peterson is busy on another sewing project for her home ec. class.

## Assist in Fitting into the Future

## COMMERCIAL

Personal typing, Typing I, shorthand, bookkeeping, and office training are taught in the commercial department. Personal typing, required one semester of freshmen, gives them a sound foundation for other training. One year of typing is required to take shorthand. Office practice is the study of office work. To take this, you must have one year of typing and one year of shorthand. Bookkeeping is helpful to all students who will do office work. There are many opportunities in the commercial field.

Psychology, a new subject on the agenda this year, was taught by Mr. Buhlig. The course helped students understand their surroundings and the people around them.

## MISS MARAS

The commercial department has been taught by Miss Maras for the past nineteen years. She graduated from Harris High School, Petersburg, Illinois, and received her degree from Illinois State Normal at Normal.

## MR. BUHLIG

Our guidance counselor, Mr. Wayne Buhlig, was graduated from Bluffs Community High School, Bluffs, Illinois, and received his B.S. degree in Business Education from Western Illinois University. He also received his M.S. degree in Education, Psychology and Guidance, from Colorado State College, Greely, Colorado. He has been teaching for seven years, at Cambridge, for the past two.

The dictaphone is a piece of equipment that has to be mastered, and Sue Hunter and Delores Versluys have almost got it.

## Today Students-Tomorrow Leaders

## SOCIAL STUDIES

Social studies includes world history, U.S. history, modern problems, and civics. World history is a study of civilization from early times to present times with emphasis on geographical settings. It points out that what we are has been handed down through the ages. U.S. history is the study of the history of the U.S. from its beginning. A Constitution test must be taken to pass this course. Modern problems helps students on current problems of the country. Civics is the study of the functions of our government.

MR, BIRKETT
Our principal and head basketball coach is Mr. George Birkett. A graduate of Batavia High School, Mr. Birkett received his B.S. from Illinois Wesleyan University and his M.E. from the University of Illinois.

## MR. TRUCKENBROD

Mr . Stan Truckenbrod is our civics and modern problems teacher. A graduate of Amboy High School and Carthage College, he received his Master's degree in Education from the University of Illinois.

MR, DEVINNEY
World history has been taught the last two years by Mr. Devinney. He is a graduate of Riverdale High School, received his degree from Western Illinois University, and did graduate work at the University of Illinois.

Mr. Birkett feels "the lack of serious discipline problems and the individual basis on which all the students are known are definite advantages in our smaller school system.

Mr. Truckenbrod, coach and social studies teacher, is a familiar figure at CHS.

Mr. Devinney likes teaching at CHS because of "the people, students, and administration in our school system."

Mr. Burrus likes, "the degree of co-operation and mutual respect between the students and faculty which is found at CHS."

Rose Carlberg runs through her contest solo again to be sure she gets that "one part" right.

## Creativity Stimulated by Music

## MUSIC

The music department, taught by Mr . Charles Burrus, includes boys' and girls' choruses, mixed chorus, and band. Chorus helps to train students to work together in order to bring out the desired effect. Chorus meets twice a week to work out selections for contest or concerts. The band, which meets three times a week, gives concerts on different dates. They herald in the Christmas season and start spring off on the right foot.

Both band and chorus attend a state music contest each year. Solos, ensembles, and duets are practiced weeks ahead of time in preparation for contest. This year it was held at WIU in Macomb, Illinois .

## MR. BURRUS

Our music department is run by Mr. Charles Burrus. A graduate of Springfield High School, Mr. Burrus received his degree from Illinois State Normal University. He has been teaching for seven years, four of which has been at Cambridge. Mr. Burrus likes "the degree of co-operation and mutual respect between the students and faculty which is found at CHS .

As contest grows nearer, Jean Keeney works on her solo and hopes for the best.

## Gym Class Trains Future Athletes

Mrs. Fitzpatrick likes teaching "because of the students."

## GYM

With its vigorous activities physical education provides an active, refreshing break to a day of constant classes . During the nicer weather gym classes are conducted outside, where the students indulge in activities like baseball, field hockey, and calisthenics. However, when winter arrives, the classes resume uninterrupted indoors, where tumbling, deck tennis, and volleyball are a few of the sports played. This year the girls' gym classes were introduced to a relatively new form of exercise, modern dance. Although this had been initiated in previous years, the girls delved even deeper into the rhythmic exercises which are done to music. The boys, also attempting physical fitness, have a class period of rigorous exercise. One day out of each week is devoted to health class. On this day movies are shown or the students study some useful a spect of health.

Part of the boys' gym exercise is obtained through playing basketball in gym class.

Seventh period finds the girls gym class learning modern dance under the supervision of Mrs. Fitzpatrick.

## NURSE

Our School nurse for the past three years has been Mrs. Ruth Dahlberg. She graduated from Woodhull High School and the Lutheran Hospital School for Nurses in Moline, Illinois. In her twenty-three years of nursing, in which two years were spent in the Navy Nurse Corps.. Mrs. Dahlberg "still feels the ever present challenge of helping youths to promote better health and to interest them in health careers."

## CUSTODIANS

Martin Nelson and Robert Burns, two of our custodians, are always around when their help is needed. Mr. Burns enjoys working at CHS because it is a "nice place to work with nice people to work for.

Mrs. Dahlberg, the school nurse, is kept busy with cuts, bruises, and smashed fingers.

## Employees Maintain High Standards at

The high school cooks, Mrs. Lundell, Mrs. Tucker, Mrs. Neumann, Mrs. Steffen, Mrs. Boberg, and Mrs. Nelson are ready for the daily lunch line.

## COOKS

The cooks at Cambridge High School always try to prepare meals for the students that are "type A." Mrs. Dorothy Tucker has been cooking in our school system for 15 years. She enjoys the activity that goes on and the challenge of trying to please the appetites of almost 500 pupils. Sara Neuman, who has been a cook for seven years, Mrs. Violet Boberg, who has worked for five years, and Mrs. Marie Lundell all like the students and friendly atmosphere. They "enjoy the friendliness of the girls and boys who have come and gone through the years.'

## BUS DRIVERS

Always cheerful and always trying to get the buses through even on the worst days are attributes of our bus drivers. These skilled drivers are indispensable to the school system.

## High School

Mr. Burns and Mr. Nelson, janitors for the high school, are preparing for their daily clean-up of the school.

Bus Drivers: Mr. Palmer, Mr. Gustafson, Mr. Skalberg, Mr. Becker, Mr. Humphrey, and Mr. Peterson.

## Freshmen Take Part in Life at CHS

FRESHMAN CLASS OFFICERS: Sec., Rhea Reed; V. Pres., Carol Mecum; Rept., Colleen Fickling; Treas., Larry Rishel; Repr., Carol Telleen; Pres., James Moriarity (absent).

FRESHMEN
"Thank heavens CHS isn't any larger or I would never get to my classes!" many freshmen remarked during the first confusing days of school. However, in a few days everyone learned that it was possible to get to the right classes at the right time after all.

About two weeks after the beginning of school, freshmen boys were seen running around in girdles and the girls appeared in some really unusual hair styles. No, these creatures hadn't escaped from the funny farm; it was initiation day. That night at the Initiation Dance, the freshmen officially became members of CHS.

Freshmen homecoming attendants were Rhea Reed and Tom Reed. Money earned from a freshman bake sale and pancake supper purchased votes for Viking Carnival candidates Jolene Shieferdecker and Jim Moriarity.

The freshmen found many activities and organizations to keep them busy. Many boys went out for various sports while sports-minded girls joined GAA.

At the end of a year at CHS, the freshmen look forward to accepting new responsibilities in their sophomore year.

## SOPHOMORE CLASS

After one year of being underclassmen the sophomores entered their second year of classes at CHS. Exploring the mysteries of the microscope, practicing their Spanish, boarding the bus for games, and even studying a little occupied the time of the students. When the end of football season and Homecoming rolled around, Jim Carlson and JoLyn Parkinson represented the class. After much hard work and effort the sophomore candidates for Carnival, Pat Mariman and Ron Reed, were crowned queen and king. At the end of the year the class undertook the tremendous job of planning Hop. "Hawaian Sunset" wàs a fitting end of an exciting year.

## Juniors Look Forward to Busy Year

JUNIOR CLASS OFFICERS: Cynthia Leander, secretarytreasurer; Cheryl Dahlberg, president; Pat DeBoever, vice-president; Barb Pickens, reporter; Bill Schumaker, representative.

## JUNIORS

Choosing their class rings, putting on the class play, and planning the Junior-Senior Prom were a few of the activities the juniors looked forward to as they began their third year at CHS. Taking tests, studying, and preparing for college or a career, also took up much of their time.

After ordering their rings, the juniors spent weeks hoping that they would arrive early this year. Of course, they didn't.

Homecoming attendants from the junior class were Jean Keeney and Bob Hanson. Judy Anderson and Arnold Lindquist were Carnival attendants.

Few students have ever seen guidance counselors, janitors, and students such as those in "Lock, Stock, and Lipstick," the Junior Class Play. The cast, crew, and Mrs. Bjorling, the director, worked for weeks to make this play the success that it was.

Long before May 14, juniors began appointing committees and looking through books and magazines for ideas for the Junior Senior Prom. Everyone agreed it was worth the work as they danced in the "Misty Moonlight."

At the end of the year, the juniors found it hard to believe that they had only one year left at CHS .

Senior Class: FIRST ROW; K. Wielert, D. Kenney, J. Horberg, S. Hunter, D. Versluys, D. Peterson, D. Steffen, J. Reed, A. Evans, G. Gresch, P. Hultman, S. Lindbeck, S. Hultman, J. Whisker, B. ## Seniors Leave CHS with Memories

Senior Class Officers: Karen Wielert, stud. counc, repr.; Janice Horberg, reptr.; Dyann Peterson, sec.; Pat Pickens, v. pres.; Richard Pavel, pres.; Larry Hanson, treas.

## SENIOR CLASS

Anticipating an exciting climax to their four years in high school, the seniors initiated the incoming freshmen into life at CHS. As the year progressed, they took the SAT and ACT tests which were fore-runners to future education.

Karla Schubert and Terry Reed reigned as queen and king at the 1965 Homecoming. Dyann Peterson and Jerry Gibson represented the senior class at Carnival. Throughout the year the class joined to participate in many activities planned by its members. Nancy Carlson and Jerry Gibson were crowned Sweet heart and Heartthrob of the annual Sweetheart Ball.

After Prom, class night at the Oaks, and the class trip to Springfield, seniors looked forward to graduation. Graduation concluded four years of high school for the class of 65 .

## Good Times, Hard Work, Laughter: Four Years at CHS

Mr. Almaguer invites students at a Spanish club party to break the piñata, which mysteriously bobs out of reach while being struck at.

## NHS Sponsors Christmas Dance

HONOR SOCIETY
The Honor Society of Cambridge High School is made up of those juniors and seniors who carry an 88 scholastic average and show traits of leadership, service and character. Second semester sophomores are admitted on a probationary basis provided they have met all of the qualifications. They may vote at meetings, but they cannot hold an office until their junior year.

The purpose of the Honor Society is to create enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in pupils of Cambridge High School. Members of the Honor Society are those who meet these characteristics.

As a service to the school, the Honor Society plans and sponsors the annual Christmas party. The dance is rather formal and the students come dressed in their best for an evening of entertainment or enjoyment. This has proven to be one of the highlights of the year.

## Council Introduces New Projects

## STUDENT COUNCIL

One of the most important organizations of C.H.S. is the Student Council. This organization which is a student governing body, allows the students to voice their opinions through their representatives in the Student Council. The council consists of a president, vice-president, secretarytreasurer, Junior and Senior representatives at large and the President and a delegate from each class.

In addition to governing the school, the Student Council plans the Homecoming celebrations, Parents' Night and also sock hops throughout the year. A Sadie Hawkins Sock Hop was held in the gym with students dressing in cutoffs and sweatshirts. Records were given away as prizes for the best dancing and refreshments were served for the students there. Another new activity this year sponsored by the Student Council was a "Bermuda Day," where the students bought passes to wear bermudas. The Student Council is under the excellent supervision of Mr. George Birkett, and its main purpose is to create a better understanding between the students and the faculty.

VIKING STAFF
To publish an award-winning annual takes much time and skillful planning. It is a long process beginning with the drawing of layouts during the summer. This is done by the editor and assistant editor before the photographers and staff writers are assigned to the prospective duties. Then begins the hectic task of taking and developing pictures, writing and re-writing copy, and typing as an all important deadline draws near. Before the proofs are sent to the publishing company, the must be checked and double-checked for errors. Later in the summer the finished product is returned to the students of Cambridge High School.

The main money making project of the year is the annual Viking Carnival. The money raised by the classes goes toward the financing of the yearbook. The Viking staff also contributes to the foreign exchange student fund.

The highlight of the year for the editor and her assistants was a trip to Chicago for the N.S.P.P. Convention. This convention proved to be very successful. The editor and assistants got many new ideas with which to work as they made way for the annual of the coming year.

## News to Cambridge

## MAROON AND WHITE

The purpose of the Maroon and White is to inform the public of class and school activities and events at CHS. On alternate weeks, the freshmansophomore news is written by Colleen Fickling and Jo Lyn Parkinson, and the junior-senior news by Barb Pickens and Janice Horberg. School life in general is featured in "Potpourri" written by Karen Wielert.

Those chosen as reporters by Mrs. Tyra Jonson, the Maroon and White sponsor, have an opportunity to write, not only news articles, but to develope skills in creative writing. Each girl manages to tell what she thinks are the most important events happening in her class. Colleen tells stories of Initiation Day and freshman subjects, while Jo Lyn tells of Hop worries. Barb is most likely to be talking about how Prom or the Class Play is coming along, while Janice keeps everyone in step with the senior class and the many, many events that go along with being a senior. Karen tells of school in general and the outcome of the last game or the hopes of the coming one. The mystery student puzzles students until the answer appears next week.

Barb Pickens drops her junior news in Mrs. Jonson's mailbox on Monday morning.

Maroon and White: Janice Horberg, sr. rept., Karen Wielert, potpourri, Jo Lyn Parkinson, soph. rept., Colleen Fickling, fresh. rept.

FNA
The purpose of this organization is to spark the interest of those interested in nursing and health occupations. The FNA doesn't bring out just the good points of a nursing profession but the bad ones, too.

As the main activity this year the club took a tour to Galesburg. In this trip the girls visited the Galesburg Research Center for the Mentally Retarded and Cottage Hospital. At the hospital they visited the various wards and saw the nursing quarters. Interesting talks, demonstrations, and personal experiences bring out the true details of a nursing profession during meetings.

The sponsor of this club is Mrs. Ruth Dahlberg, the school nurse. She advises the girls on their problems and provides pamphlets on careers.

## VSE Cultivates Science Interest

SCIENCE CLUB
The Viking Science Explorers is an active club at CHS. The organization is made up of students interested in the field of science. During the year the club takes field trips and undertakes various projects. This year a weather station was set up under the supervision of Mr. Norman Place, the club's sponsor. Science club members also help take care of the scientific equipment and the aquarium and terrarium.

The main event of the year is the science fair. Each member is required to enter a project in the county science fair. From there he may go on to district and state if his project receives a high rating. This year Cambridge had the privilege of being host to the Henry County Science Fair.

The Viking Science Explorers is a very good club for those who like to carry out projects, work with other students, or are interested in the sciences. It may also help a student decide his career.

## Future Teachers

## FTA

Future Teachers of America is a national organization affiliated with the National Education Association. Its purpose is to explore the opportunities offered by the teaching profession, to cultivate the qualities essential in a good teacher, to study the lives of great teachers and to foster the development of student leadership.

The local chapter, named in honor of Miss Amelia Gran, honors the high school and junior high teachers with a coffee hour during National Education Week in November. At the annual Blackhawk Division meeting in Rock Island in Oct., Lea Mecum, our president, served as an honorary usher. A memorial to Raymond Johnson has been made by this club in the form of a plaque upon which is inscribed the name of the outstanding math student of the year. The presentation of this award is made at the honors assembly in May.

During meetings members learn much about the teaching profession from teachers themselves who serve as guest speakers. Also this year we learned much about the educational system in Germany from Karla Schubert our honorary member.

## LIBRARY CLUB

Librarians take complete charge of most library activities during their study halls. Among their duties are taking care of the charge desk, checking books and magazines, keeping track of overdue books, and supervising the shelves in the reference room. They also keep the bulletin boards up to date with attractive displays. As an added chore, every year the shelves must be accurately read. Most librarians will agree that the reading is quite a job.

In order to be assigned to duty librarians must maintain at least a straight C average or better. At the beginning of the second semester, freshman girls are invited to join Library Club. At this time each new member is presented with a bronze pin. On Honors Day librarians who have accumulated 170 hours of credit are awarded silver pins.

Without these librarians to perform their essential jobs our library wouldn't be nearly as efficient as it is. The

Library Club Officers: Pat Pickens, pres., Janet Bloom, v. pres., Virginia Lindquist, sec. librarians have become a very important part of study hall.

## VARSITY CLUB

The honorary organization for athletes at Cambridge High School is the Varsity Club. To be eligible for membership, the boys must earn twenty points in track, place in a conference track meet, or play one-half of all quarters in either varsity football or basketball. This club, sponsored by Mr. George Birkett and Mr. Stanley Truckenbrod, promotes good sportsmanship among players and builds the incentive for winning performances. It also makes training rules for the school year to safeguard the health and standards of the boys who participate in athletics.

One of the highlights of the year is the Varsity Club-Faculty basketball game sponsored by the Varsity Club. This game is a lot of fun for everyone and proves to be exciting. The Varsity Club also undertakes many other money making projects such as selling pens and sponsoring sock hops. This year money made from such activities has been used to build a much needed crows nest at the football bowl and for the purchase of glass bankboards for the gym. The Varsity Club also helps at the Viking Carnival by sponsoring the Smear-AViking booth.

# Physical Fitness 

## GAA

The Girls' Athletic Association has a large and lively group of students under the direction of Mrs. June Fitzpatrick. The members not only keep physically fit but also enjoy wholesome sports and develop sportsmanship. A girl must have 24 points to qualify for GAA. The first year of GAA, if she qualifies in points, a girl receives her numerical letters for the year she graduates. Sophs with 150 points are awarded a 7 -inch letter C. Juniors can choose between' a letter or a charm. Finally, seniors are awarded either a charm or a state of Illinois emblem.

Some of the sports are: archery, field hockey, deck tennis, volleyball, basketball, swimming, bowling, dancing, and stunts.

At the end of the year, the outstanding GAA girl's name is engraved on the GAA trophy. It is awarded for her well-rounded ability in sports, good sportsmanship, and loyal support to her organization. This year the GAA also sold sweatshirts.

The Future Homemakers of America is comprised of girls interested in home economics who have had one year of home ec in high school and have passed a four-page test on the objectives and creed of the club.

FHA is one of the most active clubs in our school. Each month they plan a different project. In September they held a Ma, Pa, and Me night with the AlWood exchange student as the guest speaker. This year we were hosts for the Section 10 Officers Training School. Over 200 girls from three counties attended. In November each girl invited her grandmother to "A Tea for Two." FHA sponsored a "Can-Can Dance" in December. The fee was a can of food for needy families in this area. Combining with the FFA, they went to the Pine Lodge Nursing Home and Convalescent Home caroling. With the FFA they sponsored the Sweetheart Ball in February. Other projects this year included a Sadie Hawkins dance and Mother Daughter banquet.

## Participants with Future Careers

## FFA

The Future Farmers of America is a national organization of, by, and for boys studying vocational agriculture in public schools. No national organization enjoys greater freedom of self-government under adult counsel and guidance. It has served to motivate and vitalize the systematic instruction offered to students of agriculture, and to provide further training in farming citizenship. It is a club of voluntary membership designed to take its place along with other agencies striving for the development of leadership, the building of a more permanent agriculture, and the improvement of country life. It exists through the cooperative spirit and a desire on the part of farm boys preparing for farming through vocational agriculture.

The local chapter has many activities. Some of these are public speaking contests, parliamentary procedure contests, judging events of livestock and soils, attending national and state conventions, pest control contest, basketball team, production award, promoting farm safety, and parking cars at football and basketball games. They co-sponsor the Sweetheart Ball, parentson banquet, and sponsor a pancake-sausage supper. Their sponsor is Mr. Breece.

## Students Operate Equipment

PROJECTION CLUB
Any students who enjoy working with projectors or audio visual machines are entitled to join the Projection Club. Here they learn everything that is required to show movies, run tape recorders, or assist with the eye testing program. The students are taught to keep the equipment of the club in perfect running condition.

This club offers students many opportunities. They can understand better the functions of a projector or other similar type machine. Also, students can get an idea of whether or not they would care to continue their education in this field of which there are many varieties.

Projection Club is designed to give its members a knowledge and under standing of how the visual equipment of the high school is treated and operated. If your interests follow these lines, maybe you would like to join Projection Club next year.

## Foreign Language Widens Scope

## SPANISH CLUB

The objectives of the Spanish Club include learning the language and understanding the customs, history, and background of the Spanish-speaking people. The club has been supplementing classroom work by means of the three major year activities: monthly meetings, the Spanish Club party . . Posada de Navidad, and the Spanish Dinner. Interesting movies about Mexico and other Spanishspeaking countries are often shown at the meetings. These help increase our knowledge and understanding of their language and customs. The Spanish Club party is a very festive event held at Christmastime. In Mexico these parties are held every night for twelve days. At the Spanish Club party we get a sampling of tacos, mole, and other Spanish foods. Through these various activities, the members experience the ways and customs of our Latin American neighbors.

The club sponsor is Samuel Almaguer who believes that by familiarizing our students with the customs, literature, and art of the Spanish speaking countries we promote better relations among the nations and a great interest in the learning of the language.

## Cheerleaders Keep Spirit High

The varsity squad, polished and co-ordinated, work out a new cheer. The varsity cheerleaders won the cheerleading trophey again this year.

Leading the cheering this year were Pat Mariman, Cynthia Leander, Bethany Munson, Sylvia Leander, Sharen Naslund, Karen Naslund, Pat DeBoever, and Sharon Leander.

The fresh-soph cheerleaders show their gymnastic ability as they pose for the camera.

## CHEERLEADERS

The cheerleaders are the eight girls who lead the yells at CHS. During basketball and football games their purpose is to keep the crowd yelling as loud as possible while keeping the team spirit up. Each week during the football and basketball seasons, the cheerleaders lead a pep session held to boost the boys to a victory at that night's game. This year thanks to the help of the Pep Club, all the cheerleaders attended a clinic at Illinois State Normal University where they learned new motions and cheers. The clinic, along with much hard work and practice helped the varsity squad be selected as the outstanding cheerleaders of the Cornbelt Conference for '63-'64.

This year the cheerleaders worked hard under the supervision of Miss Sandra Schroder trying to win the trophy for '64-'65. Cambridge has had good reason to be proud of its cheerleaders.

## Team Backers

## PEP CLUB

Each year the Pep Club seems to gain more and more members. The students enjoy joining a club such as this. The main goal of the Pep Club is to create good sportsmanship and enthusiasm at Cambridge High School. Each time there is an away game, students rush to sign up for their seats on the bus. They come to the game to cheer the team to victory, and let the boys know that the school is behind them, win or lose. The Pep Club has a special section to sit at the game so they can yell as a group.

This year the organization sold Viking key chains as a money-making project to send the cheerleaders to clinic at Illinois Normal. This helps cheerleaders to do their work much better.

BAND
The marching band is together only as long as football season lasts. How ever, in that time the band practices every morning and sometimes even during activity period in order to be prepared for an important home game. Braving the cold and wet mornings, the players practice to supply pep and enthusiasm at the football games.

The rest of each school year is given to the concert band. This band meets three times a week to prepare concerts and special music for events during the year. In addition to band concerts the concert band and individuals work hard to attain a high rating at the annual music contest.

## Comprehension, and Interest in Music

## MAJORETTES

The six majorettes and the head majorette add an extra bit of zest to each football game as they lead in the band. Although being a majorette requires freezing in the colder football games, practicing on wet mornings, clutching an ice cold baton, and of course, the inevitable practicing all the time, the majorettes stuck it out in order to march down the field at each game. This year the six majorettes, were led by Sandra Palmer, who was the head majorette.

## CHORUSES

The choral organizations of Cambridge High School perform at Christmas Concert, Spring Concert and the choral festival with other conference schools. A variety of music is performed to increase the enjoyment of both performer and audience. The chorus is under the direction of Mr. Charles Burrus.

The mixed chorus is composed of both boys and girls interested in singing and who have tried out for it with Mr. Burrus as judge. The mixed chorus rehearses on Tuesday and Thursday on songs ranging from "Me and My Shadow" to "Handel's Messiah." The mixed chorus has shown to be quite an enjoyable organization for all who belong. The mixed chorus is accompanied by Cheryl Gustafson.

The girls' and boys' chorus meet in activity periods for rehearsal. Here the students learn dynamics and how to perform at state music contest and other functions. The state awards that can be won are superior, excellent, fair, and poor. The majority of the awards won by Cambridge are in the excellent bracket.

Mr. Burrus is busy sorting music for the mixed chorus and looking for lost copies.

## FRESH-SOPH FOOTBALL

The young Vikings showed Cambridge fans a winning team this year by compiling a 6-1-1 record. They started the season off right by winning the first game and going on to win five consecutive games before losing to Rockridge. However, they came back strong, winning one and tying one, to finish the season in good style. Relying on this impressive record, it looks as though Cambridge will have a winning varsity in years to come, since the purpose of the fresh-soph team is to prepare the way for future varsity players. Also, since many of the games were won by a good margin, more boys were able to play and gain the experience necessary for future winning teams.

Bordy Munson throws a ball-player for a loss on his own 5 -yard line as Dick Pavel (50) and Arlon Vincent follow close behind.

After being issued his new equipment, Jay Gibson beams with pride as he anticipates an illustrious season.

## VARSITY FOOTBALL

Although they won the conference championship last season, few people expected much of this year's Viking squad. The boys, however, thought differently and fought their way to a 6-2 record and a tie for second place in the Cornbelt standings. Starting the season off with a victory over Erie, Cambridge showed the determination and desire of a winning team. They then drove to victories over Westmer and Sherrard before losing their homecoming game to a tremendously fired-up Atkinson team. Powerful Orion, on their way to the conference championship, rolled over the Vikings the following week. The boys, however, came back to finish out the season by winning their last three games straight. On the whole it was a very successful season and one the team can be proud of. We congratulate the Vikings and their coaching staff on a fine season and hope to see even greater things in the future.

## Fresh-Sophs Gain

FRESH-SOPH BASKETBALL
This year's freshman-sophomore squad showed good team spirit and a desire to win, but, because of a lack of height in the line-up, had a losing season. Without much height the team depended on good ball handling and often showed the crowd some fancy dribbling exhibitions. Although the 5-12 record isn't too impressive, the record doesn't tell the whole story. In a number of the games, the Cambridge squad was down by a large margin at the end of the first half but came back strong in the second half to stage a spirited rally. Toward the end of the season, the squad upset some of the taller teams.

With plenty of boys out this year, Coach Truckenbrod had a chance to experiment with a number of different starting combinations, thus giving more boys a chance to play. Because both freshmen and sophomores were given a chance to play, both of next year's teams show good prospective.

## VARSITY BASKETBALL

The varsity basketball squad started the 1964-65 season with a well-played non-conference victory over ROVA, but hopes for a conference title-contending team were soon dampened by a nonconference loss to Geneseo and three conference losses in a row. The Vikings were, however, able to come up with second place in their own holiday round robin tournament by defeating Neponset and Orion while losing only to Walnut. After being defeated by them, they began to get rolling. They won eight of their last eleven conference games, including wins over both Orion and Sherrard who tied for the conference title, to post a respectable league record of eight wins and six losses, which was good enough for a fourth place finishing in the conference standings. In the Aledo Regional they lost their first game, a close one, to Aledo who then went on to win the tournament. This final loss gave the team an 11-12 overall record which is no indication of their overall ability.

TRACK
The Cambridge track team had a good turnout this season. However, since most of the members were freshmen and sophomores, the varsity team showed little improvement over last year. The team, depending on several standouts, was able to get third place in the conference meet, but it lacked the depth necessary to win in the smaller dual and triangular meets. At the Davenport Relays Dale Settles and Gale Fossum won firsts in the class B high jump and discus respectively. No Cambridge athlete had ever obtained a first place at Davenport before. At the Rock Island district meet the Cambridge relay team broke our school record in the mile relay while Jerry Gibson broke the record in the 220 yard dash and Richard Pavel tied the record for the mile run.

## Seniors Flaunt Their Superiority

## INITIATION

On September 11, 1964, it was time once again for the freshmen to bow down and serve the seniors. Of course they were dressed in the latest of fashions for this occasion. The boys were attired in gunny sacks, girdles (worn on the outside, of course), and baby hats, while the girls wore long underwear and spent hours on their beautifully ratted and uncombed hair. Throughout the day the freshmen "slaves" were seen sweeping sidewalks, carrying books, and loving teachers, all at the command of their senior "masters." In addition, loud exclamations of "I love seniors!" and beautiful harmony to the tune of "I Wish I Were an Oscar Mayer Weiner" could be heard wherever freshmen and seniors were gathered. Sophomores and juniors also shared in the fun; for the sophomores could vividly remember their own initiation, and the juniors could happily plan how they would rule their slaves next year.

That night, the newly initiated freshmen returned to CHS as the guests of the seniors for the annual initiation dance. As the day ended, the freshmen knew that they were now officially members of the CHS student body, and they could look forward to four wonderful years.

Dixie Johnson can readily attest that counting the boards in the gym floor is not an easy job.

## Spirits Aroused at 1964 Homecoming

## HOMECOMING

As Cambridge's 1964 Homecoming football game came to a close, you could still hear the crowd wildly cheering, although it wasn't one of the best Homecoming games. Losing to the Atkinson Tigers 16-0 didn't prevent the old "grads," parents, friends, and students from having a good time at the dance. At 11 o'clock that evening, King Terry Reed and Queen Karla Schubert were crowned to reign over the festivities. They were attended by Rhea Reed and Tom Reed, freshmen; JoLyn Parkinson and Dave Steffen, sophomores; Jean Keeney and Bob Hanson, juniors; and Patricia Robinson and Bill Johnston, seniors. All too soon the evening drew to a close, climaxing two days of festivities. Everyone will long remember the rousing pep session around the bonfire and the snake dance through the streets of Cambridge, the football games and the dance, Homecoming, 1964.

At the homecoming dance many couples enjoyed the music and dancing.

The sophomore candidates, Pat Mariman and Ron Reed, reigned as carnival queen and king.

## Carnival-fun and Entertainment

CARNIVAL-- 1964
As carnival time approached again, teachers and parents alike were astonished to see the burst of enthusiasm, creativity and just plain energy explode in their off-spring orstudents, as the case may have been. Freshmen, sophomores, juniors, and seniors were seen busily putting on suppers, washing cars, staging workdays and even picking up corn. The results were witnessed on November 14, when the crowd attending, were treated to Pick-a-prize, cakewalk, and Smear-A-Viking plus many more exciting games. At 9:45 that evening, the sophomores crowned their candidates, Pat Mariman and Ron Reed, queen and king. Jolene Schieferdecker and Jim Moriarity, freshmen; Judy Anderson and Arnold Lindquist, juniors; and Dyann Peterson and Jerry Gibson, seniors, attending them. This drew to a close as one of the most profitable Carnivals ever held.

Most of the fun of carnival is making the signs for the booths. These students readily pitched in to help decorate the gym.

## Concert and Party Usher in Season

CHRISTMAS PARTY AND CONCERT
On December 12 and 13, 1964, the students and faculty of CHS felt the Christmas spirit once again. The Christmas party, sponsored by the National Honor Society, was held on December 12. With dancing, friends, and holiday food, the season was ushered in with its smell of freshly cut pine branches and brightly lit trees.

On the following night, the band and choruses, under the direction of Mr . Charles Burrus, ended many hours of practice by presenting the annual Christmas concert. By including religious songs like AND THE GLORY OF THE LORD, BREAK FORTH O BEAUTEOUS HEAVENLY LIGHT, and ADESTE FIDELIS along with secular songs like TOYLAND, JINGLE BELLS RHAPSODY, and 'TWAS THE NIGHT BEFORE CHRISTMAS, the program covered a wide range of Christmas music. After listening to these songs, all could leave with a feeling that Christmas and all that it means was approaching with the speed of light.

## Sweetheart and Heartthrob Reign

## SWEETHEART BALL

Valentine's Day is always celebrated at CHS by the annual Sweetheart Ball, and this year was no exception. The FHA and FFA teamed together and decorated the school gymnasium for the dance. On "the night" they had done their usual good job. Couples began dancing to the music of the Apollo's immediately and soon it was evident that the Sweetheart Ball was going to be a success. The red and white decorations and the many cupids and hearts adorning the tables reminded everyone of the event celebrated. As a climax Nancy Carlson and Jerry Gibson were crowned Sweetheart and Heartthrob.

THE JUNIOR CLASS PLAY The junior class had worked hard and long under Mrs. Bjorling's supervision when finally April 2, the night of the play, arrived. As the curtains parted, the story of Mr . Warren, a stuffed shirt guidance counselor whose privacy is invaded by the new girls' guidance counselor, unfolds. His office is turned completely upside-down when she is forced to live there while looking for a place to room. With problem students and problem parents, Mr . Warren is left no alternative but to change himself. The juniors had an unusually good night at the "box office, " and the play was accepted as one of the best in the last few years.

This year on April 30 a Hawaiian Sunset awaited the freshmen and sophomores in the gymnasium. Planned for weeks in advance by the sophomores, the decorations justified the hard work and time invested in the island scene. From the palm fronds to the mountain in the background, the decorations were beautiful, As the students danced to the music, everyone enjoyed a wonderful evening. Finally, as the climax of the evening Sharon Peterson and Larry Stahl were crowned princess and prince by last year's royalty, Barbara Peterson and Ron Reed.

## JUNIOR -SENIOR PROM

The school gym had been transformed by the hardworking juniors. On the evening of May 14 couples stepped into the gym, which was not a gym at all but a garden scene "In the Misty Moonlight. The formal dress of the students added the final touch as they danced within the green rose studded hedges. The night reached its climax when Sharen Naslund and Richard Pavel were announced queen and king of the 1965 Junior-Senior Prom. After the dance the couples went to the bowling alley for a movie, bowling, and breakfast .

Mike Telleen, this year's student council president, installs next year's leader, Judy Anderson.

HONOR 'S ASSEMBLY
The Honor's Assembly for the school year 1964-65 opened in its usual way with the installation of the newly elected student council members.

Miss Schroeder presented Dyann Peterson the Crisco Award for outstanding home economics work. Richard Pavel, Patricia Pickens, and Mike Telleen, National Merit Scholars, received letters of commendation, and Karen Wielert was cited for being a finalist . . . Mrs. Fitzpatrick gave the GAA awards and Mr. Runley dis tributed the track awards to the boys . The Johnson Math Award was presented to Mike Telleen by Lea Mecum.

Karla Schubert, Cambridge's first exchange student, treated the students to a speech describing her German town.

## GRADUATION

June 1, 1965, marked the end of four years of hard work, long hours of studying, and good times for the largest class ever to graduate from Cambridge High School. With their high school years behind them and their future in front of them, the graduates exercises began. Mike Telleen, valedictorian, Karen Wielert, salutatorian, Karla Schubert, AFS student, and Sharen Naslund spoke to the friends, families, and the graduates themselves. As the exercises drew to a close, the recessional began and the graduates, in stately caps and gowns, marched out. Soon congratulations and wishes for the future could be heard as the crowd moved down the line of graduates, shaking hands with each.

Diane Yarger smiles as she at last clutches her diploma in her hand.

## Graduation Brings Tears and Joy

Valedictorian, Mike Telleen, had the highest average in many years, $97+$.

Karla Schubert gave her farewell and thank you speech at graduation.
